

# HANDWASHING

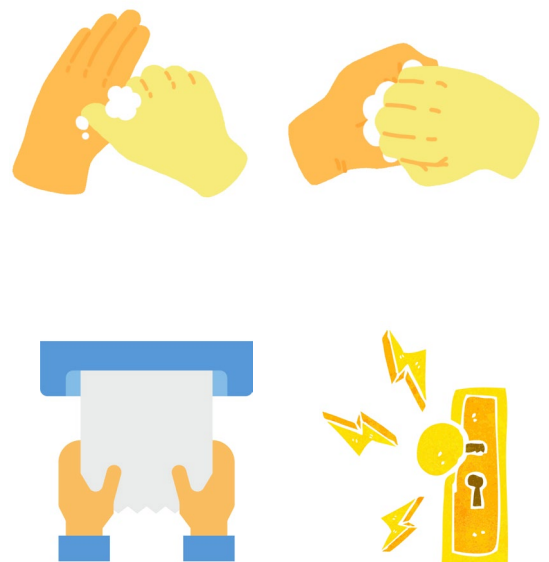

**Do not touch** your face after touching an object or without washing your hands.

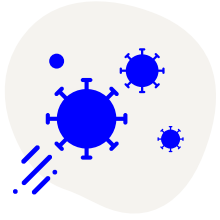

You should always **wash your hands** in soapy water for at least 20 seconds, and don't forget your nails, thumbs and between your fingers.

**Dry your hands** with a disposable towel or under a dryer. If possible, turn off the faucet with the same towel and remember to **avoid touching** soiled surfaces when leaving the bathroom.

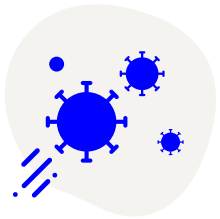

---

**REMEMBER  
TO WASH  
YOUR HANDS  
FOR  
20 SECONDS!**

---

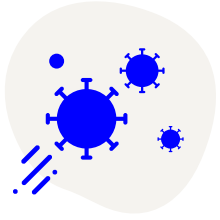

---

# **DID YOU WASH YOUR HANDS?**

---

**NO SOAP AND  
WATER? USE  
AN ALCOHOL-  
BASED  
SOLUTION!**

---
